

RE Curriculum - Regis Manor Primary School

At Regis Manor we have decided to approach our RE Curriculum through 5 focused days each year. We also teach the curriculum over a two yearly cycle with each phase looking at a religion for the entire year. We have decided to do this as:

- This allows us to immerse the children in the learning of any religion
- To spend more quality time exploring religions
- Encourage good discussion
- A greater capacity to deliver enriching experiences for children in a practical way
- Understanding the views of others and expressing their own

We have adapted the Kent Agreed Syllabus -
